WORK EXPERIENCE

● USER EXPERIENCE LEAD

Robovision | Mar 2020 - Aug 2020

Robovision is specialised in machine learning and enables you to easily apply deep learning within your own project. I lead a remote team of 3 designers who turned the platform into a customer focused product with a better UX & strong branding.

● SENIOR USER EXPERIENCE DESIGNER

Capgemini for Arcelor Mittal | Mar 2017 - Feb 2020

Researching and designing a complete enterprise platform for the steel-industry through the facilitation of workshops, user interviews, technical analyse and interaction design.

Turning high-level ideas into fully functioning interfaces that are highly optimised and a pleasure to use. End-to-end project working close with engineers, business and designers.

● PRODUCT DESIGNER

Freelance | Sep 2016 - Mar 2017

Project management with a team of developers and graphic designers. Convert user-research into a product strategy through user-flows, wireframes, sitemaps, templates and interactive prototypes. Layout content with HTML, CSS and JS.

● **OWNER** Le Van Rouge | 2012 - '16

● **DESIGNER** Chateau Castigno | 2008 - '12

● **WEBDESIGNER** Xoon multimedia | 2003 - '08

● **WEBDESIGNER** Kasper digital media | 2001 - '02

● **WEBMASTER** ASP software productions | 2000
